1 Monthly accounts for November 83.

Resolved. The monthly accounts for the month of November 1883, having

Were examined & passed

Proposed Budget of 1884/85 of the Town of Negapatam.

Resolved that the draft Budget is sanctioned for Submission to the Comptroller of Revenue.

3 Read & filed Comm^rs Docket No. 1252 of the 20th ult. November 1883, forwarding the Dewan's orders, suggesting the abolition of octroi duties on certain excisable articles.

Proposed by the Hon. Ananda Row & seconded by Mr. Chidambram Iyer that the Octroi duty on Cocoanuts, dry & fresh betel leaves, Butter & Ghee be abolished.

Amendment proposed by Mr. V. Raghava Charlu & seconded by Mr. Ambly Ammiah Pundit, that people bringing 50 Cocoanuts or less, be exempted from the duty.

Proposed by Mr. A Cooppoosawmy Mood^y & seconded by Mr. V. Raghava Charlu that as the Government receives one half of the duty levied on Cocoanuts & Betel leaves & as that if the duty on these articles be altogether abolished the income would not be sufficient to meet even the ordinary expenditure of the Municipality, the discussion of the subject be deferred pending the passing

passing of the Municipal regulations which will shortly become law. as promised by the Dewan during the last Cassara assembly.

This proposition was lost.

Resolved. That to save annoyance and inconvenience to Villagers & others that the duty on the undermentioned article be abolished altogether, provided that the Government relieves the Board of the heavy Police charges, otherwise there will be a deficit for the maintenance of the present establishments.

1 Cocoanuts fresh & dry.
2 Betel leaves.
3 Butter.

4 Resolved further that the Piece Goods imported by sea & which are largely used by all classes of the local Community, are not subjected to tax though it is levied at 3 per cent on those of Indian manufacture, excepting the goods manufactured in the Pondicherry & that, in order to put the piece goods at one footing, a Universal rate of Rs 1-8-0 per cent advalorem be levied on

on piece goods of both Indian & Foreign manufactures including those manufactured in the Mysore Province.

5- Read copy of Memo dated 6th November 1863 from the Secretary D. P. W. to the Dewan of Mysore; forwarded by the Executive Engineer, Mysore District, to the Board.

Resolved, that the maintenance allowance of those portions of the thorough Imperial & Local fund roads of the D. P. W. which lie within the Municipal limits should be paid by that Department to the Municipality according to the resolution already passed by the Board at a meeting & approved of by the Dewan, inasmuch as the Municipality cannot repair them out of their own funds as contemplated by Captain Kensington.

6 Resolved that the discussion of other propositions be adjourned to saturday the 22nd December 1863.

I The accounts having been read, it was moved from the Secretary's table to have the same read.

Resolved. The accounts were read

for Rs. 1230-27/- a which comprises the Municipality roads items.

The roads in the town are badly in need of repairs. Rain have set in, and this is a good season for carrying out road work. The Mooru therefore desires that the Secretary may be moved to obtain early sanction of the Devan to the current year's road-grants.

The funds received and collected in the town should be measured up through the Assistant Engineer, and arrangements made to spread the same on the roads when rain falls.

III (Read the report from the Vet ar
(Annular No 283 dated the 17th instant
bringing to notice that the Butchers
in the Town refuse to pay toll on
duty on sheep and goats which they
daily slaughter, and in spite of the
repeated orders, they do not use the
place appointed for slaughtering
animals - Slaughtering the animals
in the heart of the Town not only seriously
interferes with the Sanitary arrange-
-ments, but also defrauds the Munici-
-pality of its dues to a certain extent

Resolved. The Amildar should
as per Proceedings of the last meeting,
arrange for the Collection of 2 annas
duty on sheep and goats killed daily
for consumption in the Town, & he
shall to repair the ruined walls
around the place which is set apart
for slaughtering purpose The place
is situated at the entrance of the Ferme
-ry ways and Communal road just to

the Town under it is convenient to summon all the Butchers concerned. to put and amend the Public Nuisances complained of, the District Magistrate may be moved to issue orders, and publish the same in the Town by beat of Tom Tom prohibiting the people from slaughtering sheep and goats, except on the above mentioned places and directing that those who infringe the orders will be punished according to the Rules in force.-

The arrears of the Octroi duty due by the Butchers appear to be Rs 214— which should be recovered from the defaulters as Revenue demand

From the accounts furnished by the Natwal and the Darogah it seems that no accounts for sheep and goats slaughtered were kept for some months past, as Rs 20-10 were once collected on 165 sheep imported into the Town during the Months of August, September and November 1883 according to the Dy. Commissioner's order. In future a book stitched and sealed with

this

the Commissariat Officials shall be given to the Municipal authorities, and whereas they should enter the number of sick and goats daily slaughtered for consumption, as well as the duty thereon, remitting the amount daily to the Sub Treasury and obtain from the Treasury Officers acknowledgments in this book

IV. There is no establishment at present for watching the boats coming up the river when the Indian goods are brought to the Town for consumption. So the Municipal income under this head has been going down

Resolved Application should be made to the Secretary for entertaining 4 Mussad ers at Rs 5 each and 4 peons at 4 rupees each per mensem as an experiment for one year the establishment, if sanctioned, will cost 432 Rupees & it is hoped that the amount will put down smuggling which is now at present to a certain extent checked and the income of the Municipality under this head will thereby materially seem to be

Page 31

recommended to the Board of Health will be proceeded to accordingly to the extent now applied for.

It is brought to notice that manure which has been collected and heaped behind the stables, is very noxious vapours when it gets wet.

Resolved The manure in question should be sold by public auction and the sale proceeds thereof credited to the Municipality. The old cart sheds wherein manure is now deposited should be levelled flush with the hedges, so that the ground may be kept always clean by the scavengers. In future, the rubbish and the swamps of the Town should be placed at 3 or 4 different places outside the Town, selected by the Guardian and the Assistant Apothecary for the purpose.

Proposed that the Barrack Square fortune which now stands at the heart of the town, on an elevated place, and exito effluvia may be removed as decided in the Board meeting dated the 11th November 1881 to some unobjectionable spot behind the Town. The present building seems to have been constructed

about

about 20 years ago, but the exact date of the construction and its cost and by whom it was built cannot be ascertained here, as no records on the subject are forthcoming in this Office.

Resolved That steps may be taken to give effect to the proposal at the cost of the Military Department as directed in the Dewans Proceedings No. 1778-70 of 6th June 1882

VII Read Mr Coopusamy Pundiars letter dated 10th December 83 praying that the ground to front their premises opposite to the Municipality in lieu of the ground taken up for forming the Mountpatt road and planting Avenue trees.

Resolved That the question be circulated in the next meeting, as some of the members wish to peruse the Land Register to decide the question.

VIII Mr Renouard the Senior Unofficial Member of the Committee of Conservancy, etc
